INTENSIVE SUMMER COURSE

From July to mid-September.

The program consists in a 25-to-30-hour course per week, from Monday to Friday/Saturday including cultural activities.

The course contains regular classroom-training sessions and one-on-one mentoring. Computer rooms are available for self-study and more practice.

LEVELS

Our courses are in line with the Common European Framework of Reference for Languages: from Absolute beginners (A0) to Advanced students (C1).

Students will take an oral and written test at the beginning of the course to evaluate their level and join the relevant group. (Maximum 16 students per group).

PROGRAM

Our courses include:

✓ French Language Course
✓ French for University Studies (methodology of university work)
✓ Scientific and Engineering French Language courses (Mathematics, Physics, Mechanics, Economics, etc.)
✓ Phonetics, role-playing, debating
✓ Cultural activities: visits, movies, wine tasting, etc.
✓ French tutoring sessions and Self-study (Multimedia activities)

During the program and at the end of the course, students will be tested by ongoing assessment and by a TCF-type test before their departure, in order to certify their progress in French.

ECTS CREDITS: 1 ECTS per week

All courses are compulsory to earn the total amount of ECTS credits.

TEACHERS

The language professors are university graduates with solid experience in teaching French as a foreign language to international students from graduate schools of engineering.

Many of them are also qualified in scientific subjects so that they are able to provide students with scientific vocabulary needed for their engineering curriculum in France.

*R=minimum of 2-week participation is required

RATES

Please see the attached leaflet for the relevant rates and contact us for further information about the programs.*

In case of cancellation by the student, only the registration fee will be retained. Tuition fees will be entirely refunded whatever the cancellation date.

In the event of course interruption, early departure or absence, no refund will be made. The French Language Department reserves the right to cancel courses which do not obtain a sufficient number of registrations. In this case, the total paid amount will be refunded.

PRACTICAL INFORMATION

LOCATION

✓ EPF – 49/60 rue du Lycée 92330 Sceaux
✓ ESTP Paris – 28 avenue du Président Wilson 94234 Cachan

Courses take place both at EPF and ESTP, linked by direct public transportation. (RER B, Bus).

ACCOMMODATION

Housing can be provided for students either in a student’s residence or within a family. (See prices on the attached leaflet).

MEALS

Meals are at students’ charge. Restaurants, bakeries, grocery stores and students’ restaurants are available in Paris, Cachan or Sceaux.

DURING THE ACADEMIC YEAR

WEEKLY EXTENSIVE COURSES

We provide international students with French courses every Tuesday and Thursday evenings from 6.30 to 8.30 pm at EPF Campus in Sceaux.

OFFICIAL TEST CENTER

TFI (International French Test): Our school is an official test center authorized by ETS Global Company to organise official TFI test sessions during the year. TCF-type test training sessions may be available depending on the program.

SPECIFIC INTENSIVE OR EXTENSIVE PROGRAMS SET UP ON REQUEST, FROM SEPTEMBER TO JUNE

✓ Programs for undergraduate and PhD students
✓ Programs dedicated to Business French and Engineer’s Professional Activities

EPF and ESTP Paris are two Engineering schools with a very high reputation. They organize French Language Courses in order to better prepare their foreign students for adapting to the French education system. A 20-year experience in teaching French Language has shown a compelling adaptation to our students’ expectations.

The seminars include not only numerous cultural and linguistic aspects but also scientifically oriented curriculum. Although this program is highly recommended for computer science and engineering students, it is also open to other students, administrators and teaching staff who are interested in improving their French.

At the end of this program, students will have solid French Language basic skills and a great amount of lexical knowledge as well as methodological skills in science and engineering technology.

A PROGRAM AWARDED WITH TWO RENOWNED LABELS

✓ The European Language Label since 2006

Our school is an official test center authorized by ETS Global Company to organise official TFI test sessions during the year. TCF-type test training sessions may be available depending on the program.
